SITUATION SUMMARY

Boil Water Order , Escondido, San Diego County (Update)

- The boil water notice is also affecting Palomar Medical Center; the hospital has discontinued the use of tap water as of 1600 hours on 08/15/14. Bottled water and bags of ice were being distributed as needed. Paper and plastic dishware is being used to avoid using tap water for dishwashing. At this time, no services have been interrupted.
- The Cal OES Southern Duty Officer advised of a Boil Water Notice has been ordered for the City and Unincorporated areas of Escondido, San Diego County due to the appearance of a buildup of coliform bacteria. Rincon del Diablo Water District is advising residents in District ID 1, Pressure Zone 3 to use boiled tap water or bottled water for drinking or cooking purposes as a safety precaution.
- Rincon del Diablo Water District has reported that over 40 samples have been taken and is currently looking to what caused the coliform bacteria. This is a standalone Water Quality issue and is not related to the Drought in California. This incident has attracted local media attention.
- State Waterboards Drinking Water Program (DWP) Duty Officer advised through his Regional contact that these types of notices are routine work for a district office and can be lifted by Sunday evening at the earliest. Cal OES Southern Region continues to stay in contact with San Diego County.
- There are no requests for assistance or unmet Access and Functional Needs issues.

SITUATION SUMMARY

City of Needles Severe Weather Incident, San Bernardino County (Update)

Initial Damage Information has been received for the City of Needles. Crews are still out and the damage information may change. Current Public Assistance damage is just over \$2.3 million including personnel overtime costs and estimated costs of Debris Removal (Category A), Road and Bridge Systems (Category C) and Public Utilities (Category F). Individual Assistance damage includes 15 homes and one business destroyed, and 250 homes affected.

Situation

On Tuesday, August 12, 2014 at approximately 1630 hours a severe thunderstorm settled over the City of Needles causing flooding and wind damage. The City of Needles reported a minimum of 50 downed power lines, damage to roofs, and multiple downed trees. A determination has yet to be made if this incident may be linked to the August Severe Weather Incident.

- A local proclamation was received August 14, 2014 from the City of Needles for heavy rain, flooding and adverse weather conditions. The Proclamation is requesting a Governor's Proclamation including CDAA, a Small Business Administration declaration and any State or Federal funding. Initial damage estimates continue.

Road Closures

County Road Closures

- Pahaska Trail from Rio Vista Drive to North to Lakota Court in the area of Big River, no anticipated time for reopening.
- Five Mile Station Road from I-40 west to Highway 95 in the area of Needles, no anticipated time for reopening.

State Highway Closures

Per CalTrans:

- United States Route 95 was closed to southbound traffic from the junction of Interstate 40 to Needles due to flooding. The route reopened at approximately 1935 hours on August 13, 2014.
- State Route 62 was closed from 2.4 miles east of Twenty-nine Palms to the junction of United States 95 due to flooding. The route reopened at approximately 1622 hours on August 14, 2014.

The Cal OES Southern, Law, and Fire Duty Officers continue to monitor the situation and coordinate information.

SITUATION SUMMARY

Potential Japanese Tsunami Marine Debris (JTMD), Daly City, San Mateo County (No change)

A potential Japanese Tsunami Marine Debris (JTMD) was discovered on Mussel Rock Beach, in Daily City, San Mateo County. The boat is on Federal Land in a National Recreation Area. Boat is still on the beach. At high tide, the water will reach the boat. Boat is secured. **Salvage Strategy**

Access: San Mateo County worked with Daly City Police and Fire departments to obtain access for appropriate parties to do the salvaging operation which is lead by GGNRA.

Next steps: Estimates obtained from contractors and salvage ops will begin today and through the weekend if necessary. Coastal Region will continue to monitor the situation.

Port of Oakland Protest (Update)

Oakland PD's estimate of 1,000 protestors did not materialize. Cal OES LDO monitoring the situation and providing updates throughout the afternoon. Oakland PD has opened their DOC and have staffed up for the event.

- At 1640 hours on 08/16/14, the Alameda County Sheriff's Department was requested by Oakland PD to provide 16 Deputies and a Sergeant to assist with security at the Port. The CHP is also assisting with traffic control. No out of county mutual aid has been requested thus far and there is no indication that will change.
- At 1700 hours, the protest group announced the ship will not be in port until tomorrow. Cal OES LDO advised per Cal OES Ports and Harbors liaison, the vessel is showing a 1530 hours arrival time tomorrow, Sunday, August 17. At 1725 hours, the group at 3rd Street and Adeline began dispersing. Cal OES LDO will continue to coordinate with Oakland PD, Alameda SO, the USCG and the Port of Oakland and monitor whether any protest activity is planned for Sunday.

Oakland Police Department (OPD) is expecting 500-1000 demonstrators on Saturday, August 16, 2014 to protest the ships partly owned by the government of Israel. Although no law mutual aid has been requested, the Port has reached out to Alameda County Sheriffs Office (ACSO) for Law Enforcement support. The distinction is that this is a planned event and therefore not technically mutual aid. OPD is planning on having their Department Operations Center (DOC) open on Saturday. The protest is planned to occur, even if the ships cancel their arrival to the Port. Cal OES Law Enforcement Branch and the Cal OES Ports and Harbors representative continue to monitor the situation and coordinate information.

SITUATION SUMMARY

Hurricane-Tropical Storm, Hawaii, Pacific Ocean (Update)

Current Situation:

Tropical Cyclones Iselle and Julio have dissipated. Hawaii Emergency Management Agency and Hawaii Civil Defense Agency are conducting response and recovery operations on the Big Island. No tropical cyclones are expected through Monday morning. . The Disaster Assistance and Recovery Centers (DARCs) will be closing tomorrow August 17, 2014. Preliminary Damage Assessment team have been conducted on 542 buildings to include residences and infrastructure.

State: State EOC is Partially Activated

EMAC Deployment

2014-SOC-4699 Deployment of A Team Type I Staff

- (2) OES staff and (1) CNG departed 8/8/2014, expected to return, 08/22/14.

Ripon 911 Outage (New)

At approximately 1152 hours today, Ripon PD were not able to make or receive any calls. The PSAP activated alternate answer and made test calls to confirm the 911 calls were rerouted to their alternate answer PSAP. A contractor laying a new pipe on Ripon Road cut fiber which created the community isolation. ETR is expected to be complete around 2100 this evening.

Significant Weather

Nothing significant to report.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- City of Portola, Plumas County has submitted a proclamation due to drought requesting State Water Board relief for those post 1914 junior water rights holders currently subject to surface water diversion curtailments.

WEATHER

NORTHERN CALIFORNIA:

A 2-4 degree warm-up today as Four Corners high builds northwestward towards California. However, a new Pacific Northwest low pressure system forms over Oregon Sunday and drifts down across northern California into early next week. There is much uncertainty to the computer model track of the low but at this time the best estimate is that very isolated Thunderstorms could form near the Oregon border Sunday evening with slightly more coverage Monday across the northwest mountains and northeast California. Thunderstorms would be a mix of wet and dry, due to slow movement of any cells. The low is expected to push southward past the Bay Area on Tuesday, bringing diminishing Thunderstorm chances for the rest of the week.

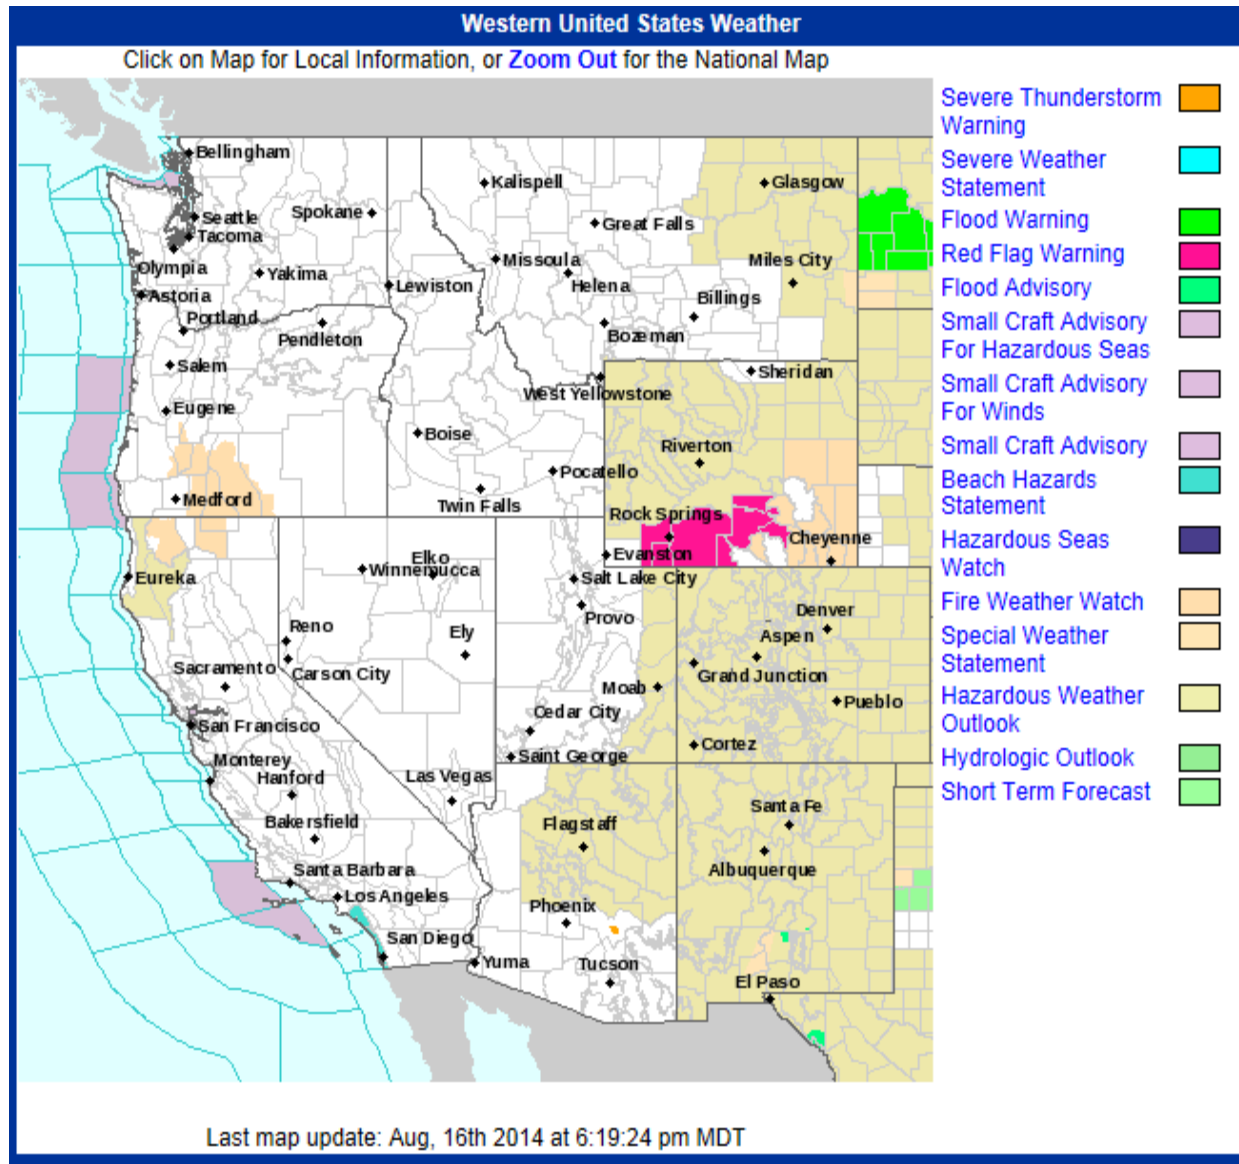

SOUTHERN CALIFORNIA:

There will be little change in the weather through this weekend as high pressure remains over the Desert Southwest. Maximum temperatures will be in the 80's across the mountains and 90's to 102 in the valleys. Minimum humidity will be in the single digits and teens above and inland from the marine layer which is around 1,000 feet deep. Winds will be southwest to northwest 5 to 15 mph this weekend. Temperatures will cool and humidity will increase next week as an area of low pressure moves to off the California coast. This low will also cause the marine layer to deepen, with morning low clouds and fog expected to move over most coastal valley locations by Tuesday. Southwest afternoon winds of 15 to 25 mph will surface across the desert passes Monday and Tuesday. Enough moisture may eventually be entrained into the low from the south by the middle or end of next week to bring a chance of showers and thunderstorms to much of the region.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- Current Reservoir Levels continue to decline. Levels as of August 14th : Don Pedro 42%; Exchequer 18%; Folsom Lake 40%; Lake Oroville 33%; Millerton Lake 48%; New Melones 25%; Pine Flat 12%; San Luis 20%; Lake Shasta 32%; Trinity Lake 32%; Pyramid Lake 94%; and Castaic Lake 45%.

- Emergency Drinking Water Procurement and Distribution Planning Guidance (rev. May 2014)

Significant changes have occurred to the structure of California's state government organization. Rapid advances in systems, science, and technology have helped emergency managers improve coordination, forecasting, and situational awareness. Because of these changes, the *Multi-Agency Emergency Response Procedures for Potable Water Procurement & Distribution* document has been replaced by the *Emergency Drinking Water Procurement and Distribution Planning Guidance*. The intent of this guidance document is to clarify the roles and responsibilities of the stakeholders involved in locating, procuring, and delivery of emergency drinking water¹ to populations in California. Consequently creating a framework for agencies and organizations to work together to enhance preparedness.

- State Board Mandatory Conservation Regulations Now in Effect: The state's first-ever emergency regulations mandating urban water conservation became effective will be in effect until April 25, 2015.

http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/emergency_regulations_waterconservation.shtml

- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.

- Cal OES continues to gather drought-related costs from state agencies and local governments.
